Disclaimer

This course provides net-change training content for enhancements delivered in this release. The expectation is that participants have sufficient knowledge of the solution prior to participation in any release training. Release training is not offered for all enhancements. In the event Infor determines, in its sole discretion, not to offer release training for a particular enhancement, there should be sufficient content within the applicable Release Notes and other documentation provided with the release to provide an explanation of the change in the solution regarding such enhancement. Infor does not offer release training for maintenance updates. In addition, the training offered in this course is not intended to be a complete presentation of all problems and issues that may arise in connection with any enhancement. It is also generic and may not be accurate for all. Infor therefore makes no guarantees, or assumes any responsibility for the correctness, sufficiency or completeness of the material presented.

All business entity names, characteristics, products and other data portrayed in this production are fictitious. No identification with actual business entities, names, characteristics, products or other data is intended or should be inferred.

No part of this course may be reproduced or transmitted in any form or by any means electronic or mechanical, without the prior written consent of Infor.

M3 Experience Designer

Creating a tailor made M3 user experience

Any industry, any process, any user

M3 Experience Designer is a tool, not a one-off application. We support all our focus industries, any customer process, any user.

Our users

- M3 Development, building new standard applications
- Services organization and partners
- Customers IT, development resources, power users
- Application end users

Integrated part of the standard M3 user interface

Customer get, not only the customizable standard user interface, but also a fully integrated toolset that let them build tailor made applications for their specific needs.
